Remove loop from hook. Hold 2 layers of the bill with ws facing each other. Insert hook through outside layer of bill at bottom right corner, and pull working loop through to the front of hat. Begin working in sc along right edge of bill, inserting hook through both layers of bill to work them together. Continue along top edge of bill, inserting hook in the ridge formed by the front loops of sts left available from row 6 of the bill. Continue along left side of bill, inserting hook through both layers as on the right edge. Working in the back loop only, continue in sc along the remaining bottom edge of hat, ending with a sl st in beg sc at bottom right edge of bill to join. End off, leaving a long tail for sewing. Thread tail in tapestry needle and sew the inside open edge of the bill to the inside of last row of crown. Weave in ends.

Flower:

With smaller hook, ch 3, work 8 hdc in 3rd ch from hook, sl st in beg hdc to join.

Second layer: sl st in back loop of 1st hdc, (ch 7, sl st in back loop of next hdc) 7 times, ch 7, sl st in base of beg ch-7 to join. End off, leaving a long tail for sewing. Use tapestry needle to sew flower to hat as desired. Weave in all ends.
